### (WAT2) External Water Use

Â

#### Technical Guide November 2010 Criteria

- 1 available credits
- Credits worth 1.50% points each
- Mandatory Element: No

Aim: To promote the recycling of rainwater and reduce the amount of mains potable water used for external water uses.

Assessment Criteria:

#### Criteria

Where a *correctly specified and sufficient sized system to collect rainwater for external/inte* irrigation/use has been provided to a dwelling with a garden, patio or communal garden sp (examples of such systems include *rainwater butts* and *central rainwater collection systems*)

#### Default Cases

If no individual or communal *garden* spaces are specified or if only balconies are provided, credit can be awarded by default

### Technical Guide May 2009 Criteria

- 1 available credits
- Credits worth 1.50% points each
- Mandatory Element: No

Aim: To encourage the recycling of rainwater and reduce the amount of mains portable water used for external water uses.

Assessment Criteria: One credit is awarded for providing a system to collect rainwater for use in irrigation as follows:

Criteria
Where a correctly specified and sufficient sized system to collect rainwater for external/internal irrigation use has been provided to a dwelling with a garden, patio or communal garden space (examples of such systems include rainwater butts and central rainwater collection systems)
<b>Default Cases</b> If no individual or communal garden spaces are specified or if only balconies are provided, credit can be awarded by default
