Technical Guide May 2009 Criteria

- 6 available credits
- Credits worth 0.30% points each
- Mandatory Element: No

Aim: To recognise and encourage the specification of responsibly sourced materials for the basic building elements.

Assessment Criteria: Points are awarded where materials used in key building elements are responsibly sourced according to the following criteria:

Criteria

Where 80% of the *assessed materials* in the following *Building Elements* are responsibly sourced:

- a) Frame
- b) Ground floor
- c) Upper floors (including separating floors)
- d) Roof
- e) External walls
- f) Internal walls (including separating walls)
- g) Foundation/substructure (excluding sub-base materials)
- h) Staircase

Additionally, 100% of any timber in these elements must be legally sourced

Note: These criteria are assessed at the building envelope level
